- 1) The reassignment and salary amounts for chairs will be based on the Redbook budgeted number of unclassified FTE positions.
- 2) Chairs will retain the option to make their case for additional compensation should they have significant duties in addition to those for a typical department chair.
- 3) Chairs compensation will be indexed to the System biennial compensation plan starting in the 09--11 biennium.

Chairs will be compensated in two ways.

- 1) Teaching loads during the academic year will be reassigned. The amount of the reassignment will be determined by the size of the department they are administering.
- 2) Chairs will receive a stipend, also determined by the size of the department they are administering, which compensates them as chairs during the regular academic year as well as the summer. The stipend will be temporarily added to the chair's base salary. This stipend acknowledges responsibilities for summer registration and advising.
